Software Engineering graduate who designs and builds: the interface and the code underneath it. Flutter mobile applications and full-stack websites in HTML, CSS, JavaScript, PHP and MySQL, in Arabic, English or both. Graduation project won Best Entrepreneurial Project and placed second nationally at the 13th National Technology Parade.

Experience

Full Stack Web Development Intern

Jul 2026 – Present

Orange Digital Center — Coding Academy by Orange, Amman

- Built responsive pages with HTML5, CSS3 (Flexbox, Grid) and Bootstrap, then moved to JavaScript: DOM manipulation, form handling, local storage, and the Fetch API with a Firebase Firestore backend.
- Wrote server-side PHP: 45 exercises on the fundamentals, self-posting forms with validation, and HopeBridge, a charity platform with accounts, sessions, an approval workflow and a MySQL database.
- Took HopeBridge from research to delivery: empathy maps, user journeys, wireframes, mockups, an entity relationship diagram, then 28 finished pages for donors, families and administrators.
- Shipped every task as a public GitHub repository, most with a live GitHub Pages deployment, and co-built a single-page website presenting the eight weeks of training.

Education

Applied Science Private University

Oct 2022 – Jul 2026

Bachelor of Software Engineering · GPA 3.64 / 4.00

Projects

Design — AI Custom Tailoring Platform

Sep 2025 – Jul 2026

Graduation project · Flutter, Dart, Riverpod, Supabase, TensorFlow Lite, Blender

- Mobile marketplace connecting customers with tailors and fabric stores: reads twelve body measurements from a single photo on the device, turns a written brief into a garment design, and tracks the order through to delivery.
- Built the Flutter application and the interactive 3D mannequin; scored 97% at the project defence.
- Best Entrepreneurial Project among more than 100 graduation projects; 2nd place, Business & Social Technologies, 13th National Technology Parade 2026.

Invite Sites — Invitation Website Service

2026 – Present

Own product · HTML, CSS, JavaScript, animated SVG, Arabic / English RTL

- Personalised invitation websites for weddings, graduations and birthdays, with RSVP, maps and photos on one shareable link; designed, built and published the marketing site and every invitation page.

Glamé AI — AI Makeup Companion

2026

Product specification and system design

- Authored the full specification: AI architecture behind a provider-neutral inference gateway, a phased roadmap, a requirements traceability matrix and the complete UML set, with the screen designs.

Skills

Front end: HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, React, Flutter, Dart

Back end & languages: PHP, Python, Java, C++, ASP.NET, Object-Oriented Programming

Databases & cloud: MySQL, Supabase, Firebase, Azure AI

Design & tools: Figma, Blender, Git, GitHub, UI/UX design, responsive web design, accessibility, REST APIs, database design (ERD)

Languages: Arabic (native), English (excellent)

Leadership & Volunteering

Visual Programming Tutor	Oct 2025 – Feb 2026
<i>Academic Support Club, Applied Science Private University</i>	
Delivered Flutter revision sessions to help students prepare for exams, and helped new students at a semester orientation event.	
Organiser and Master of Ceremonies, UI/UX Contest V5	Mar 2025 – Jul 2025
<i>Applied Science Private University</i>	
Coordinated the planning and running of the contest and hosted the event.	
Volunteer Leader, English Language Olympia 2023	May 2023
<i>Applied Science Private University</i>	
Guided first-grade participants through the competition and supported them at every stage.	
Volunteer, Promising Translator Contest 2023	Mar 2023
<i>Applied Science Private University</i>	

Certificates

Microsoft Certified: Azure AI Fundamentals (AI-900)	<i>Microsoft</i>	May 2026
Introduction to Networks	<i>Cisco</i>	May 2026
Certificate of Participation, GJU 3030 Competition 2026	<i>German Jordanian University</i>	May 2026
Foundations of User Experience (UX) Design	<i>Google — Coursera</i>	Jun 2024
Introduction to Artificial Intelligence (AI)	<i>IBM — Coursera</i>	Jun 2024
Getting Started with AI using IBM Watson	<i>IBM — Coursera</i>	Jun 2024
Building AI Powered Chatbots Without Programming	<i>IBM — Coursera</i>	Jun 2024
